COMANCHE CO. MEN MAKE GOOD IN STATE PLACES

(By C. P. St. Clair.)

In the hum-drum life of us stay-at-homes we are prone to let pass, without particular notice, most important events in the lives of our friends—even our neighbors.

I have in mind as I write this, two of Comanche county's good men who, while still making Comanche their home have entered State-wide activities as highway engineer and road builder, and have made good in a big way.

I refer to Comanche county's own H. Burks and John H. Hart.

Immediately upon assuming their duties with the State Highway Commission, their activities and efficient work attracted State-wide attention of business men and road builders.

Their opinions have repeatedly been sought and their advice has been almost unanimously followed by men of judgment.

Only recently at an important road meeting at Sweetwater, Mr. Hart was asked to stand, and was pointed out as one of Texas' best road builders, while Hilton Burks is called to all sections of the State as locating engineer, and his locations are wise, and invariably stand.

We have an instance of his judgment and ability right here in Comanche county.

I refer to the Pecan Belt Highway now being completed.

When finally completed this road will be the best piece of work in all this section, sweeping in easy grades through the southern part of the county, completely lifting the people of the section from country ruts and mud to a scientifically engineered and graded road which will be maintained by the State at no expense to us. This splendid road followed, on the dotted line, the final survey of H. Burks.

And now something big is in prospect for highway No. 10, from Erath to Brown county lines, and when it develops you will see Mr. Burks' handwriting on the wall in box car letters. And again you will soon hear more of another important highway coming through Temple, Hamilton, Comanche, and on northwest connecting with highway No. 11, and Hilton will be the guiding genius who will pilot this road through the heart of Comanche county.

We all remember with pleasure how John Hart, through his influence, gave us the beautiful entrance to Comanche via. Bart Johnson's,

without expense to us, and just now he is in like manner, bringing the Pecan Belt Highway right into the heart of the city, and no expense to us.

In all their State-wide work these two men have remembered their home county and silently, but persistently have used their good influence for the betterment of this section. Their work, however, has not been forgotten or ignored by their friends. At a recent meeting of our Chamber of Commerce at which most of our business and professional men were present a resolution was adopted unanimously commending these men for their untiring interest in Comanche county.

I now move that we make that resolution unanimous.

I know that every right thinking man of Comanche county duly and fully appreciates their efforts in our behalf. Tell them that you do.

SHALLOW TEST SPUDDED IN ON JUNE 5TH

The C. V. Bryson well was spudded in on June fifth in the afternoon according to schedule and work has been pushed steadily forward by the workmen.

The test which is to be 1400 feet is attracting considerable interest locally as it is the culmination of several efforts to test out this section and which has been suggested by a number of geologists as being rather a good bet as a shallow field.

According to contractor P. L. Burks it is hoped to complete the well within three weeks.

The first water was encountered Tuesday at 135 feet and it is rather expected that casing will have to be set at around 200 feet.

MOVE IS UNDER WAY TO ESTABLISH A PERMANENT COMANCHE COUNTY FAIR

Things are now definitely shaping for a good Comanche county fair this year. And still better, the sentiment appears clearly in favor of organizing the fair on a permanent basis and making an annual exposition of the county's development as well as a factor in the progress of his county, and a big social and entertainment feature.

Responding to a desire for a county fair expressed in many sections of the county, the Chamber of Commerce and Lions Club of Comanche have taken steps toward getting this sentiment in definite form.

Some time ago the Chamber of Commerce appointed a committee to make recommendations as to a county fair. A committee was appointed from the Lions Club to co-operate with the Chamber of Commerce, committee, and after going into thorough investigation of all phases of the matter it was the recommendation of the committee that the fair should be held and that it should be organized on permanent basis. At a well attended meeting of the directors of the Chamber of Commerce Tuesday afternoon, the report of the committee was approved. A number of those present expressed themselves as of the opinion that a fair would be of great value to Comanche county, among them, T. J. Williams, F. E. Adams, W. R. Slider, J. D. Waring, N. H. Payne, County Agt. Barton, J. R. Eanes and others. W. H. Carpenter presented the subject to the meeting in a little talk in which he discussed the success of fairs in other Texas towns, and the need of such institution in Comanche, and outlined a plan on which it could be organized.

The executive committee of the Lions Club at a meeting Monday night discussed the fair proposition at length and went on record as heartily in favor of the fair and ready to co-operate in the move to put it over in fine shape.

A joint committee was appointed by the Chamber of Commerce and the Lions Club to assist the citizens in getting the fair organization under way, and it is believed they may have a good report to make in the next few days.

THE DIETRICKS
Programs of mirth, magic, and mystery that will prove to all youngsters, from seven years of age to seventy, that "the show you look, the show you see."

When the Radcliffe Chautauqua closed its engagement in Comanche last year, so well pleased had been the citizens who attended, and so impressed with the highly entertaining and educational character of its programs, that a large number of them immediately determined, that Comanche should have the Chautauqua again this year, and that all children under fifteen years of age should be admitted free.

The necessary arrangements were made to secure the attractions for this season, and in accordance therewith the Chautauqua management has announced its dates for Comanche, which are June 16, 17, and 18.

That means that the Chautauqua will open next Thursday, and from the information given in the advance notices it is believed that the offerings for the three days will be among the that has ever been offered on a Chautauqua circuit. The sale of tickets will begin probably in the next day or two. Those who buy tickets this year will not only be providing themselves with very enjoyable entertainment, but will be also contributing their share toward the free entertainment for the children of Comanche and the surrounding country. A glance at the promised program should be sufficient to make the season tickets desired by all.

MUSICIANS FROM JUGO-SLAVIA

The opening entertainments of the Chautauqua this year will be something entirely different from anything previously appearing under the Radcliffe management, it is learned from the announcements from the Central Bureau. The company is called the "Elias Tamburitza Serenaders," headed by Mr. Charles Elias, and is composed of four splendid musicians from Jugo-Slavia.

Mr. Elias is an accomplished musician, having studied in Europe and America, and he is also a composer of several very attractive numbers which will be included in the programs of this interesting country. They will appear in their native costumes.

ARTISTS IN CONCERT COMPANY

On the second day of the Chautauqua is to be found the Theodore Knox Concert Party, one of the standard Chautauqua attractions of

America. It is headed and directed by Mr. Theodore Knox, well known from coast to coast, and a master in his own particular line of accomplishments.

The Theodore Knox Concert party is a splendid mixed quartette, composed of real musicians who sing, play the flute, piano, violin and saxophone continues to round out their usually attractive programs with readings and character sketches.

MARVELOUS FEATS OF MAGIC
The entertainment features on the third day will be given by the Dietricks, a unique and attractive organization full of "pep" and "personality."

The musical parts of the Dietrick programs include selections, both classical and popular, on various novelty instruments including the Bamboo Chimes and Xylophone. These numbers are mixed in with the magic in such a way that there is never a tiresome moment from the time Mr. Dietrick and assistants appear on the stage until they leave it.

City Has Beautiful Park At New Dam. Opens Sunday

That the City of Comanche has as beautiful a park as there is in Texas is in unknown to a great many of its people, but it is our prediction that before many of the summer days have passed there will be few who have not visited what when the workmen are through will be a spot of rare beauty as well as a haven for pleasure seekers.

The park is just east of the dam of the new city lake and is that portion of Mercer's Creek and its bottom that the city was forced to purchase in procuring the site for the reservoir. While the strip of land is narrow, yet because of the creek's windings the park will contain practically a quarter of mile of the creek with its beautiful shade trees. A very small dam that has been built by the contractors for water for their stock has made a swimming place ranging from thirty feet wide and a quarter of a mile deep and which is fed by the

BARRY BROS. RECEIVE FRUIT CRUSHING PRESS

Barry Brothers have this week received and installed the machinery necessary to crush juice out of the berries and grapes that for any reason cannot otherwise be marketed.

Much interest has been manifested by the fruit growers especially the grape and berry producers as it will give them a way of handling culls and odds and ends of the crop that cannot be gotten on the regular market.

Mr. Barry's machine which is in the form of a screw, presses out the juice and makes it into two classes. The first juice coming out is necessarily free from pulp and at the lower end a greater portion of the pulp passes out into the juice. The first grade is used by preservers in jelly making while that which contains the pulp is used in making jam, etc., where a portion of the pulp is required in the making.

The juices can be bottled, put in jugs, fruit jars, or canned, and if desired can be placed on cold storage at the press to be used as desired. Those who desire to sell the juice to jelly makers, must can their juices in No. 10 cans and it must be heated to prevent too rapid fermentation upon being removed. It will be necessary for those desiring fruit crushed to bring their own containers as Mr. Barry has not stocked any form of containers. The capacity of Mr. Barry's plant will be from 50 to 100 gallons per hour varying to the grade of the fruit being pressed. Berries are estimated to run from one third to one half juice according to the grade degree of ripeness etc.

Mr. Barry states that the machinery will be ready for operation Friday and any fruits brought on or after that date will be cared for, he doing the crushing for a fee.

Beattie Road To Be Widened

The road leading from Comanche to Beattie is to be widened to a sixty foot public road according to Mr. E. E. Anthony, secretary of the Chamber of Commerce. Those having the business in charge are this week securing the right of way and hope to have this matter completed by Saturday. The work of widening the road will begin immediately after the right of way is secured.

REPUBLICANS OF COMANCHE COUNTY TO HOLD PRIMARY

The Republicans of Comanche county are making preparation to hold the first Republican Primary ever held in the county. This was made necessary by the large vote cast for Dr. Butte in the last election.

According to leading Republicans, the Primary will be held on the same day and in the same manner as the Democratic Primary. An effort will be made to hold the election in every voting precinct in the county. Arrangements are already made for fourteen voting boxes.

Practically a full county ticket will be put in the field and all Republicans and those with Republican leanings are being urged by their leaders to participate.

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the Farmer. They are in Washington ON salary. He is home trying to pay it.

Farmers have had more advice and less relief than a wayward son. If advice sold for 10c a column, Farmers would be richer than Bootleggers.

And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other.

Cut out the middle and tie the two ends together.

When a steer starts from the feed pen to the table, there is about 10 to take a bite out of him, before he reaches the family that pay for him.

Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Eight."

The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We will get down in there with you."

I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

CANDIDATES ADOPT SLOGANS

Each of the three leading candidates for governor have adopted slogans which are catchy and which would indicate that they are gathering in the votes.

Here they are: "Dan Is The Man," "Pa Is For Ma," or "Me For Ma" and "Lynch Has a Cinch." As the weather gets hot, the campaign will warm up and the voters are expected to have their usual fun at the picnics, political gatherings, and on the street corners. It is great to be an American citizen.

GRIFFITTS-McDANIEL

Announcements have been received here of the marriage of Mr. Ollie G. McDaniel and Miss Maybell Griffiths. The marriage took place at Dallas, Texas on October 17, 1925.

Mr. McDaniel is the son of Mr. and Mrs. G. S. McDaniel, a pioneer family of Comanche county, who reside about seven miles north of the city. For the past five years he has been employed as a postal clerk in the Fort Worth Post Office.

Mrs. McDaniel is the daughter of Mr. and Mrs. T. P. Griffiths of Commerce, Texas. She has been teaching the public schools of Fort Worth for the past four years. It was while working in Fort Worth that this budding romance blossomed into the state of matrimony.

Their friends and acquaintances here wish them a happy wedded life.

NO-NOX

MOTOR FUEL

STOPS KNOCKS

Turns Mountains into Mole hills

FOR years the carbon knocks, clicks, pings or detonation in automobile engines have been a menace to motor efficiency and a sore spot to the motorist. GULF No-Nox Motor Fuel has turned the old time carbon bugaboo into an asset, in fact it has put carbon to work.

No-Nox and Carbon are Power Twins

Compression is power—Carbon adds compression—No-Nox withstands compression and the combination gives wonderful motor efficiency.

GULF No-Nox Motor Fuel not only withstands the high compression of the modern automobile engine—but also the added higher compression caused by carbon deposits on the walls and piston head which increases with the age of the car;—clicks and knocks are eliminated—greater efficiency is accomplished—followed by more power and greater mileage.

This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no dope of any kind—that the color is for identification only—and will not heat in summer driving.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.

SLACK FAMILY HOLDS REUNION

Gathering at the Shrine of "home" the family of Mr. and Mrs. R. A. Slack of Dallas and formerly of Comanche, held last Saturday and Sunday morning, what might be termed a reunion of the family but what was in actuality a day in which the children and their children spent the hours with the father and mother at their home near Dallas.

During the years that "Uncle Bob" and Mrs. Slack lived in Comanche there are many who have reason to know that the hours spent at "home" were with this family hours of content and it was again one of those hours when father, mother and children were together, and together and enjoyed the contentment that comes only of perfect companionship.

Gathered, almost, one might say, from the four corners were the children, Mr. and Mrs. Sam Slack and children from Old Mexico, Mrs. Voss Harrington and child of Los Angeles, Harry Slack and son, Albuquerque, N. M., Mr. and Mrs. Pete Slack of Abilene, Mr. and Mrs. Jas. D. Slack of Comanche, Mr. and Mrs. Karl Tate and children of Comanche, Bob Slack, Dr. and Mrs. J. H. Marshall, Ewell Slack and family, Ed Wilkerson and family, Mr. and Mrs. J. M. Cargyle all of Dallas.

And among the other things that will be remembered is that tribute paid to the "Mother" in the statement of Jim that, "and eat" more than any time in my life.

Every child "in-law" and grand child was present, except Mr. Harrington of Los Angeles and Mrs. H. E. Slack of Albuquerque, being forty two of the family present.

VETERANS ENJOY MCCRARY PICNIC

By L. B. Russel

A noonday lunch was served on the old Rowe farm on the bank of the Leon just beyond the bridge on the Dublin and Goldthwaite road Tuesday afternoon in celebration of the 81st anniversary of James Madison McCrary, the honoree himself furnishing the meat, coffee and tea and ice water. Mr. McCrary has been giving this annual barbecue several years, inviting veteran soldiers of the Confederate and his old friends with their families and friends. He came to Comanche with his father, R. P. McCrary about 1871, and the father was killed about a year later, clubbed to death by another man in a fit of crazed anger. He has continuously resided in the country, engaged a part of the time in the mercantile business, but mostly in farming.

About 150 were present and were entertained by some young people with guitars and a mandolin, though the reporter actually forgot to get the names of the musicians. A bountiful meal was spread and enjoyed by all present. After cleaning up the table a program of speaking was had, Bob McCampbell acting as master of ceremonies, in which Rev. W. G. Green, Uncle Bob Garner, John P. Hoff, Rev. N. P. Wilkinson, Mrs. Joe W. Hill, L. B. Russell, and Judge R. A. Luker made off hand talks. One of the surprises of the gathering was the unannounced appearance of Mrs. Hill, who is the widow of Joe H. Hill, an owner and editor of the Comanche Chief more than fifty years ago. She contributed a large share to the gaiety of the day, meeting old friends and exchanging pleasantries. Mrs. Hill is one of those persons that never grow old only in years, being as vivacious and sprightly now as she was half a century ago.

After the speaking, Judge R. A. Luker was called to the chair in an informal meeting to create an organization of the Sons of Confederate Soldiers, Lucis Elkins was made secretary and a committee, consisting of L. B. Russel, Bob McCampbell, Derroll Nabers of Vandyke, John Ham of DeLeon, and Lucis Elkins to formulate a plan of organization and report to a meeting to be called later in Comanche.

Among those present were the named veterans: W. F. Elkins, R. Ward, D. B. Wilhelm, I. B. Brown, Bob Garner, Tom Wyatt, G. H. Mauldin of Comanche, J. L. Hays, W. R. Nickerson, J. M. Miller of Gustine, T. W. McCrary, of Fisher county brother to the honoree, all survivors of the Confederate army; D. Dingwall, a veteran of the federal army in the years after the Civil war, his service being in the west, and at the time of the massacre of General Custer; Mrs. R. Ward, Mrs. G. N. Mauldin; and the following members of the McCrary family; Mrs. Dudley Haggard, Mrs. Fred Bean, Mrs. A. Shapard of Gulfport, Miss., Mrs. E. H. Rauhut, Mrs. E. D. Brown, and Pink McCrary, with a number of their families.

It should be added that many high tributes were paid by the speakers to the high character of the veteran honoree whose life for fifty-five years has been spent in this community and has been an open book to all, with sincere and fervent wishes that he may be spared many years longer to spread happiness and good will among his associates before he shall answer the final summons to come up higher. Such men as J. M. McCrary are now, and have always been the bone and sinew of American citizenship.

BIG GRAIN CROP BEING HARVESTED

The oat and wheat crop, which according to the old timers, is the finest in many years, is now being harvested at a rapid rate, and if fair weather continues for a few days, the entire yield will be saved without damage.

This will mean thousands of dollars to the community, and is another proof that King Cotton no longer rules supreme in Texas. Comanche grain buyers say that they are prepared to give the farmers top prices for their oats, and within a few weeks this town will be the mecca for the grain raisers from all sections of the country.

HARMONY

Quite a few from other communities attended the party at Henry Lewis' Friday night.

Ira Fletcher and family spent Saturday at Alex Noble's near Robertsonville, picking berries.

Mrs. Sam Young and children returned to their home in Bailey county after a several months visit with Mr. and Mrs. J. C. Waites.

Mrs. Vernon Boyd and little daughter, Virginia of Newburg spent the week end with J. J. Rogers and family.

C. W. Rutherford who has been very ill for some time is slowly improving. His son, Charlie Rutherford of Democrat has been with him.

Anderson Wilhelm returned to Santa Anna Saturday after a two weeks visit with home folks.

Mrs. Luther Rogers of Mercers Gap spent Saturday night at the J. G. Rogers home.

Emmet Ackers and family were in the Cotton Grove community Saturday and Sunday.

Miss Wilson of Comanche visited Mr. and Mrs. H. B. Rogers Sunday.

Those who have grain are very busy cutting at present and expect a heavy yield from the threshing which will probably begin in this community in a week or ten days. Other field work is going forward nicely since last weeks very welcome rains.

Mr. and Mrs. G. A. Cunningham and children of Austin are guests of relatives in Comanche.

Long, heavy hauls a specialty—P. L. Burks and Son.

Pimiento loaf, tomato loaf, veal loaf, baked or boiled ham sandwiches—Just right for the cold meal. Moody's Market.

GUM-DIPPING

the Extra Process for Extra Miles!
Breaks all Tire Records

The 500 Mile Speed Classic at Indianapolis has always been a Battle of Tires. In 1911, Firestone won with fabric tires at 74.59 miles per hour. In 1920, Firestone won with cord tires at 88.55 miles per hour. In 1925, Firestone won with Full-Size Gum-Dipped Balloons at the record breaking average speed of 101.13 miles per hour.

In 1926, Firestone again won with Full-Size Gum-Dipped Balloons. The ten cars to finish "in the money" were all Firestone-equipped. They went the distance without a single blowout and with but two tire failures—one due to a puncture and the other to a leaky valve.

This performance is even more remarkable when you consider the terrific speeds at which the cars traveled over this fifteen-year-old, rough brick track.

Experienced race drivers will not risk their lives or chances of victory on any other tires. And in the commercial field, large truck, motorbus and taxicab fleet operators, who keep careful cost records are among the big users of Firestone Gum-Dipped Tires.

The City Transportation Co., of Tacoma, Wash., writes "One of our 12 buses on Firestone Gum-Dipped Tires has gone over 40,600 miles and still looks good for many miles of extra service. For all around tire safety and mileage, Firestone cannot be beat."

From Calumet Motor Coach Co., Hammond, Ind., the following: "We operate 40 buses all equipped with Gum-Dipped Tires. The very low cost per mile on which these tires operate is considerably less than that of any other make." Hayes Bus Lines, Columbia, S. C., says: "We operate 19 buses equipped with Firestone Gum-Dipped Tires. A number of these tires have run over 45,000 miles without ever having been removed from the rim."

The largest taxicab companies in the world standardize on Firestone Gum-Dipped Tires. W. R. Rothwell, taxicab operator, Detroit, Mich., writes: "Two of my Firestone Gum-Dipped Tires have run 76,000 miles."

Hundreds of thousands of car owners voluntarily testify to the safety, comfort and economy of Full-Size Gum-Dipped Balloons. W. H. Peacock, Birmingham, Ala., testifies: "I have had Firestone Balloons for thirteen months and they have delivered in that time 24,469 miles." H. C. Stachle, Minneapolis, Minn., says: "My Firestone Balloons have gone 49,900 miles and are still in good condition."

These records of endurance, speed, safety and mileage could only have been made because of Firestone development of the Gum-Dipping process which insulates and saturates every fiber of every cord with rubber, reducing friction and heat and building greater strength and endurance in the cords—assuring you at all times—

FARM BUREAU TO HOLD THEIR ANNUAL MEET

Comanche, June 6—The Annual Meeting of the Texas Farm Bureau Cotton Association will be held at its office in Dallas on June 28, 1926, 11 a. m., according to an announcement made here by Mr. N. H. Payne, Field Service Representative of the Association.

Mr. N. H. Payne stated that this meeting is one of the most important meetings of the Association, at which time the directors and officers will be elected for the coming year. The membership has recently voted for directors, in the several districts, and the results of this election will be announced at the annual meeting.

This closes the fifth year of the operation of the Association, stated Mr. Payne. The Association has circulated a new five year agreement to assure the successful operation of the Association for the new period. He further states that the Association will handle more cotton during the 1926-27 season than it has handled any other year since it has been in operation—this based on the re-sign-up and sign-up of new members.

It is hoped a number of members from this county will attend the annual meeting of the association. Those going please notify Mr. N. H. Payne.

FOR SALE—36 acres of splendid land north of Comanche; a part of the T. R. Randall farm, including the house and all improvements except barn. Think this part consisting of 14 acres can also be bought, priced at \$60 per acre.—Otis Brown, owner, Irving, Texas. 42-45

METHODIST MEETING GROWING IN INTEREST

Unusual interest is being shown in the Methodist meeting now in progress at the Methodist tabernacle. The services began last Sunday at eleven with a large crowd in attendance. That evening the big tabernacle was crowded almost to its capacity.

The revival is being conducted by the pastor, Rev. J. M. Wynne. Associated with him is the Rev. B. B. Edmiston, well known gospel singer and composer of note. It is the aim of those having the meeting in charge to have the co-operation and active help of all Christians in the community regardless of church affiliation. Other pastors of the town are assisting in the onward movement for Christ. Rev. Wynne stated in the opening service that this revival would be a disappointment to him if it did not take on the nature of the old time revival known to our fathers.

The sermons that Rev. Wynne is delivering twice a day are creating much favorable comment among the Comanche people. He has won a reputation in Comanche as an able speaker and in these services is exceeding himself in captivating the hearts of his audience. It is clear, however, that his purpose is not to preach eloquent sermons, but to bring a message from the Bible that will help those who have gathered to hear him. To bring the people of Comanche closer to Christ is the supreme purpose of the meeting.

The choir lead by the Rev. Edmiston, to which all the singers of the town are invited, is doing some good singing and, this accompanied by the High School Orchestra is one of the most enjoyable parts of the service.

Rev. Edmiston has charge of the children services which meet at four each afternoon. He guarantees to keep the children coming if the parents will bring them to the meeting one time. He also has charge of the young peoples' meeting at seven each evening.

The meeting will continue all next week with special services Sunday. There will be a service for men at the tabernacle at four o'clock Sunday. The week day hour for the services are ten in the morning and at seven forty-five in the evening.

INDIAN CREEK

Mr. and Mrs. T. K. Ladd spent the week end in Morgan.

Mrs. Chas. Lee of Comanche spent Sunday with her mother, Mrs. Chapman.

VINEYARD-HOWELL

Mr. Frank Vineyard and Miss Jewell Howell were married Saturday evening at 6 o'clock at the home of Rev. J. L. Ray.

The bride is the daughter of Mr. and Mrs. Sam Howell, and has grown into charming young womanhood in Comanche where she has a host of friends and where she attended high school.

The groom is the son of Mr. and Mrs. I. M. Vineyard and is a young business man having a position with the Comanche Wholesale Grocery Company.

After the ceremony the happy couple were given an informal reception and shower at the home of the grooms parents by the grooms sister of the groom, Mrs. John Carpenter. The home was beautifully decorated in flowers in pasted shade.

Delicious punch was served with the wedding cake which was served and cut by the hostess.

The popular young people will be at home with Mr. and Mrs. I. M. Vineyard of Comanche. Their many friends wish them a long and happy life.

More Young en May Enter C. M. T. C.

J. B. Allcorn, Chairman of the Military Training Camps Association for the county of Comanche, announces that the Eighth Corps Area quota for the Citizens' Military Training Camps has been slightly

increased. This increase makes it possible for more young men from this county to take advantage of Uncle Sam's offer of 30 days outdoor training absolutely free.

As these additional vacancies will be rapidly filled it is necessary for any interested young man to act at once and submit his application while there are still vacancies. This is too good an opportunity to miss and young men from our country should jump at this chance.

Accepted applications from this county are normally sent to the Camp at San Antonio, Texas.

Application blanks and further information can be secured from J. B. Allcorn, County Chairman, Comanche, Texas.

The fact that young men desiring to attend must apply at once cannot be too strongly emphasized.

June 9.—Miss Daun Butler, Miss Olive, Mr. Bill and Horace White are attending the North Texas State Teacher's College at Denton.

Mr. Carl Willford who has been attending a business college at Abilene is visiting his family at Hasse.

Miss Bertha Willford of Hasse is visiting friends in Denton.

Misses Golda and Bertha Willford Daun Butler, Mr. Virgul Butler and wife and Walton Butler made a trip to Denton Monday.

Little Misses Inez Willford and Theola Dunn spent the last week with Jess Odell and wife of Comanche.

Misses Mary Louise Pearce and Alaine White motored to Comanche Monday afternoon.

Mr. Elmer Davis and Jimmie Cogdell of Granbury spent Sunday night with Mr. and Mrs. C. J. White of Hasse.

Mr. and Mrs. Roy Tubbs are the proud parents of a new baby girl, Bobby Joyce.

Mr. Donahoe and little daughter, Ulita are visiting their daughter and sister, Mrs. Loy Tubbs.

PERSONAL MENTION

Anton Rauhut has returned home from the University of Texas, where he made a brilliant record as a student the past session.

Mr. Joe Tannehill and daughters, Miss Pearl and Mrs. Alta Jarris of Silver City, N. M. are visiting relatives in Comanche.

Miss Nola West of Breckenridge is visiting Miss Shelby Dixon.

Mrs. H. N. Goodson and daughter, Miss Berta and Miss Jeffie Thomas were Brownwood visitors Monday.

Miss Ruth Kilpatrick left this week for Canyon City, where she will attend the summer school of the West Texas State Teachers College.

Mrs. E. P. Woodruff of Brownwood visited her parents, Mr. and Mrs. N. A. Palmer, Wednesday. Mr. and Mrs. Elmer Webb and daughter, and Miss Fannie Palmer all of Houston are also visiting in the N. A. Palmer home.

C. S. Brumlee, a former citizen of Gustine died at Burk Burnett this week, and his body arrived in Comanche on the Frisco Thursday afternoon and was taken to Gustine for interment.

Voight Fugatt of Abilene was in Comanche Thursday while enroute to Gustine to attend the funeral of his grandfather, C. S. Brumlee.

Friends of J. C. C. Martin will learn with regret that he is seriously ill in a hospital at Lubbock, where he recently underwent an operation.

AMERICAN YOUTH

Elizabeth ("Betty") Clark, 13, of Cedars, Delaware, is one of that state's girl candidates for the American Youth Award, established by the directors of the Sesqui-Centennial International Exposition, to be held at Philadelphia from June 1 to December 1 in observance of 150 years of American Independence. If "Betty" is finally chosen to represent Delaware she will be given a week's trip to the Exposition and to Washington and the White House, where she will receive a medal from the hands of President Coolidge.

FINE CROPS SEEN AROUND GUSTINE

A representative of the Chief made a trip to Gustine Tuesday and the crops he saw enroute were such as would make the most pessimistic person smile. Oats almost as high as a man's shoulders, well grained and ready to be harvested. Corn a rich black, cotton looking fine, and the gardens simply groaning with all kinds of vegetables—these were the sights that made us forget our troubles. Among the farms visited was that of Mr. Forrest Bolton. Mr. Bolton is an up-to-date farmer, had his crops clean, and is expecting a big yield.

ON THE LLANO RIVER

Note—G. A. Beeman recently spent a few days on the Llano river near Junction. In last week's issue of the Junction Eagle we find these verses with the following note by the editor of the Eagle:

"Mr. Beeman is spending a while at the V bar H Ranch on South Llano, and while enjoying the beauty of the river and the mountains of Kimples county, was inspired to put his thoughts into rhyme, as printed below. Mr. Beeman is a retired business man, past 80 years of age, and lived for many years in Comanche and Dallas."

(By G. A. Beeman.)

Down on the charming Llano,
Where the crystal waters flow
There is solace for your sorrows
And succor for your woe.
Nature's soothing anesthetic
Is administered with care,
As you stroll amid the mountains
Breathing ozone in the air.
God pity you poor mortals
Doomed to sordid city life,
Where all is flash and fiction,
Of conflict and of strife—
You realize while dwelling
In this land of just renown,
That 'twas God who made the
country,

Erring man who made the town.
If your heart's attuned to nature,
If you're fond of reel and rod,
If you can look through nature
Up to nature's loving God,
Here is joy and peace and pleasure.
Free from struggle and from
strife.

You will scarcely find such treasure
In the marts of city life.
There's a charm in every landscape,
In every scene a thrill.
There's wealth in fertile valley
Responsive to its till;
The herds and flocks returning
Ample recompense for care,
Bringing peace and wealth and
pleasure
With the breath of ozone air.

Mr. and Mrs. H. D. Patchford of Sallisaw, Oklahoma arrived in Comanche last week for a visit with Mrs. Patchford's sister, Mrs. Howard Kilpatrick. Mr. Patchford returned home early this week, but Mrs. Patchford will remain a week or two longer.

Run-Down

gave out easily

"My health wasn't any account at all," says Mrs. H. L. Cayton, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not

have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough.

"Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength.

"Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better.

"Two years ago I decided to take it again. It built me up and made me feel like a different person."

Cardui has been in use for nearly 50 years.

INTERESTING FIGURES FROM CO. SUPERINTENDENT'S ANNUAL REPORT

County Superintendent H. L. Gantz has about completed his annual report to the State Superintendent on the condition of the schools of the county. According to the report, there were employed as teachers 32 men and 86 women. The average salary paid the men was \$862.20, that of the women \$659.14, while the average for men and women was \$641.34. The total salary paid teachers was \$75,678.40, and the total valuation of property was placed at \$371,850. These figures do not include those for the independent school districts.

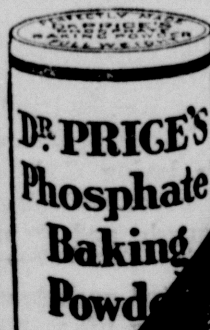

JUDGE MAKES ERRONEOUS PREDICTION REGARDING LAWYER

"About one clean shirt is all that I thought he would ever wear. He had fallen away to a mere shadow, was as yellow as saffron and often doubled up with pain. Doctors continually gave him morphine and were about to operate for gall stones. Mayr's Wonderful Remedy quickly restored him to perfect health again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place—
don't pay a Big Price
for an insecticide

WHY pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode

You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a menace—a fire risk.

What of the Plants?

Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. Eat it if you wish—it will not hurt you.

How Much Apparatus

None is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture, it kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All

You know what kind of soap serves you best. Modern sanitation has made insect powder as necessary as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

In red, sifting-top cans at your grocer's or druggist's. Household sizes 10c and 25c. Other sizes 50c and \$1.00.

If your dealer cannot supply you, send us 25c for large household size. Give dealer's name and ask for our free booklet, "It Kills Them", a guide for killing House and Garden Insects.

Band Concert

And Play Night

Proves Popular

Despite the rain and threatening weather all during the day, the Comanche public square was a veritable play ground last Friday evening, when scores of children romped and played on the space which had been roped off for the observance of the first children's play night, which was given in connection with the weekly band concert. The organized games were under the direction of Miss Myrtle Martin, who was assisted by Miss Lillian Durham, Mrs. I. M. Cochran and Mrs. A. J. Campbell. Mrs. Romee Walker and others. The games were so enjoyable that the children unanimously voted that they should be made a permanent feature of the weekly entertainment.

The band concert itself, was of a high order. The music ranged from the classical and folk songs to the more popular selections. The band struck a responsive chord when Dixie was started and the whole audience broke out in enthusiastic applause.

D. K. Doyle introduced Judge R. A. Luker, who spoke a few words of welcome. He said the city limits of Comanche extended from county line to county line and that he was glad to see citizens from the outskirts of the town, pointing out several from Energy and Elm Grove.

GUM-DIPPING

the Extra Process for Extra Miles!

Breaks all Tire Records

The 500 Mile Speed Classic at Indianapolis has always been a Battle of Tires. In 1911, Firestone won with fabric tires at 74.50 miles per hour. In 1920, Firestone won with tires at 88.95 miles per hour. In 1925, Firestone won with Full-Size Gum-Dipped Balloons at the record breaking average speed of 101.13 miles per hour.

In 1926, Firestone again won with Full-Size Gum-Dipped Balloons. The ten cars to finish "in the money" were all Firestone-equipped. They went the distance without a single blowout and with but two tire failures—one due to a puncture and the other to a leaky valve.

The Firestone Record in Battle of Tires at Indianapolis

Year	Driver	Car	Tires	Miles Per Hour
1911	Harroun	Marmon	Firestone	74.50
1912	Dawson	National	Firestone	78.70
1913	Goux	Peugeot	Firestone	76.92
1914	Thomas	DeLage	Palmer	82.47
1915	DePalma	Mercedes	Goodrich	89.84
1916	Rea	Peugeot	Goodrich	83.26
1917	No Race			
1918	World War	Peugeot	Goodyear	88.06
1919	Wilcox	Alouette	Firestone	88.53
1920	Chevrolet	Frontenac	Firestone	89.62
1921	Milton	Murphy Sp.	Firestone	94.48
1922	Murphy	HCS Spec.	Firestone	90.95
1923	Milton	Duesenberg	Firestone	98.23
1924	Corum-Boyer	Special	(Firestone Full-Size Balloons)	101.13
1925	DePaolo	Duesenberg	(Firestone Full-Size Balloons)	101.13
1926	Lockhart	Miller Spec.	(Firestone Full-Size Balloons)	95.88

This performance is even more remarkable when you consider the terrific speeds at which the cars traveled over this fifteen-year-old, rough brick track.

Experienced race drivers will not risk their lives or chances of victory on any other tires. And in the commercial field, large truck, motorbus and taxicab fleet operators, who keep careful cost records are among the big users of Firestone Gum-Dipped Tires.

The City Transportation Co., of Tacoma, Wash., writes "One of our 12 buses on Firestone Gum-Dipped Tires has gone over 40,600 miles and still looks good for many miles of extra service. For all around tire safety and mileage, Firestone cannot be beat."

From Calumet Motor Coach Co., Hammond, Ind., the following: "We operate 40 buses all equipped with Gum-Dipped Tires. The very low cost per mile on which these tires operate is considerably less than that of any other make." Hayes Bus Lines, Columbia, S. C., says: "We operate 19 buses equipped with Firestone Gum-Dipped Tires. A number of these tires have run over 45,000 miles without ever having been removed from the rim."

The largest taxicab companies in the world standardize on Firestone Gum-Dipped Tires. W. R. Rothwell, taxicab operator, Detroit, Mich., writes: "Two of my Firestone Gum-Dipped Tires have run 76,000 miles."

Hundreds of thousands of car owners voluntarily testify to the safety, comfort and economy of Full-Size Gum-Dipped Balloons. W. H. Peacock, Birmingham, Ala., testifies: "I have had Firestone Balloons for thirteen months and they have delivered in that time 24,469 miles." H. C. Staehle, Minneapolis, Minn., says: "My Firestone Balloons have gone 49,900 miles and are still in good condition."

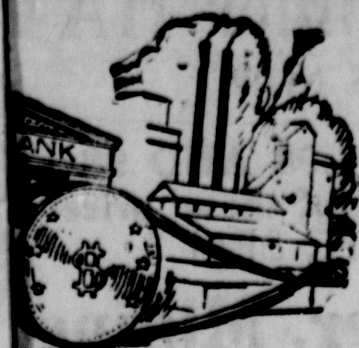

These records of endurance, speed, safety and mileage could only have been made because of Firestone development of the Gum-Dipping process which insulates and saturates every fiber of every cord with rubber, reducing friction and heat and building greater strength and endurance in the cords—insuring you at all times—

**Tarleton Students
Back in Comanche**

The following students have re-
turned from Stephenville where they
have been students at John Tarle-
ton College: Flora Clarke, Johnnie
Cunningham, Ruth and Ruby Odum,
Elizabeth Scurry, Dovia Dunn, Jewel
Werner, and Flossie Tate.
Miss Flora Clarke received her
diploma from Tarleton last week
and will teach next session at Parks,
Texas. Miss Dovia Dunn, after a
short visit with her parents, will re-
turn to Tarleton for the summer
school.

**Confederate Veterans
Return from Reunion**

Two Confederate veterans, J. M.
McCrary and T. A. Ward, returned
last week from Birmingham, Ala-
bama, where they had attended the
annual reunion of the Confederate
soldiers. Both were loud in their
praise of the royal way they were
treated at the convention and agree
that it was one of the most enjoy-
able reunions they ever attended.
One of the features of the pro-
gram was the grand march and
dance. Mr. McCrary admitted that
he took part in the grand march,
but would not say whether he danced
or not, though he acknowledged that
in his early days he was a good
dancer.

Over three thousand veterans were
in attendance. The convention next
year will be held at Tampa, Florida.
Both Mr. Ward and Mr. McCrary
are pioneer citizens of Comanche,
Mr. McCrary coming here in 1871.

**Last Week's Rain
Great Help to Crops**

A rain that was badly needed cov-
ered almost the entire county the
latter part of last week. The pre-
cipitation in Comanche was about
an inch, while it was much heavier
in some parts of the county.

Most of the farmers had their
ground in good shape, and were
ready for the rain. Most of the crops
were up and those which were not
were needing rain to help them
through the ground, which was bak-
ing slightly. The ground took up
most of the moisture and only a few
of the creeks got out of banks. It
was thought at first that the oat
crop would be damaged, but the
clear weather which followed dis-
pelled the idea, and little, if any
damage was done, even in the Gus-
tine neighborhood, where the rain
was the heaviest.

The situation is looking good for
both a bumper feed and money crop.
Some of the farmers state that the
rain will almost insure a corn crop.

**Bon Voyage
Party For Miss
Laura Lu Waring**

Mrs. Tom F. Reese and Mrs. J. D.
Waring entertained Thursday morn-
ing, the Merry Matrons Bridge
Club, and a large number of guests
in honor of Miss Laura Lou Waring,
who left Saturday morning for ex-
tended visit with her uncle in Hon-
olulu. The house was beautifully de-
corated in sweet peas and dahlias.
The idea of the voyage was cleverly
conveyed by a miniature ship on the
mantel, also hand painted score
cards bearing a Hawaiian ship scene
with the words "Aloha Oe." The
following won dainty georgette
handkerchiefs, high score club prize,
Mrs. C. W. McCollum, guest prize,
Mrs. C. V. Caver, cut prize, Miss
Mary Moody. Mrs. J. B. Chilton, Sr.,
very charmingly presented Miss
Waring with a lovely georgette
handkerchief, a colorful sun shade
and a package of letters which had
been written for her by the guests.
A delicious salad course was served
to twenty-six guests. Out of town
guests were Mrs. Joe Montgomery,
Fort Stockton, Texas, Mrs. Horace
Chilton, Marlin, Texas, Mrs. Forrest
McCutcheon, Fort Worth, Texas,
Miss Mary Moody, Washington, D.
C., Miss Eleanor Dunlap, Cleburne,
Texas.

**Pecan Crop for 1926
Promises to be Good**

The pecan crop, which was very
light last season promises to be good
this year. A representative of the
Chief was in the Gustine community
last week and noticed that the trees
in that section were fruiting nicely.
Reports from other sections of the
county are, that if no blight effects
them, the yield will be good.

E. E. Denny, local pecan grower,
says that the prospects here were
never better at this season of the
year.

**Comanche Boys Win
Honors as Musicians
'At State University**

Two Comanche boys, Russell C.
Lane and Ernest Burks won distinc-
tion this year as members of the
Longhorn band of the University of
Texas. Both were awarded "T's" at
the close of the band season. The
Longhorn band is one of the best
known college bands in the South.
Two of the most noted appearances,
the past season was at Nashville,
Tennessee when Texas played Van-
derbilt in foot ball and at College
Station last Thanksgiving when it
played before 25,000 spectators who
had gathered to see the Texas A &
M. game.

Jack Burks won a letter in Band

**Improvements Being
Made in First State
Bank Building**

Work was begun Monday morning
on extensive improvements on the
building of the First State Bank of
Comanche. Both the front and the
interior will be entirely remodeled.
According to Mr. Holmsley, the
work room is to be enlarged, the
vaults moved, and some new furni-
ture installed. The improvements
also include the building of a "deck"
for a directors' room, which will al-
so be used for any other meetings
that may be desired to be held in the
bank.

When completed the entire front
and interior of the building will pre-
sent a very attractive appearance.

**Two Comancheans
Receive Degrees from
University of Texas**

Two Comancheans, both former
students of the Comanche High
School, received degrees from the
University of Texas this week. Miss
Annie Coleman, daughter of Mr.
and Mrs. M. Coleman, had conferred
upon her the degree of bachelor of
arts. Troy Cauley, son of Mr. and
Mrs. W. C. Cauley, received both
the B. A. and M. A. degrees. Mr.
Cauley was recently elected to mem-
bership in the Phi Beta Kappa Frater-
nity, the membership of which is
limited to those who rank among
the best eight percent of the gradu-
ates in scholarship.

**Another Claimant for
Onion Championship**

Mr. and Mrs. E. W. Butler of
Beattie say that just as large onions
can be grown in their section of the
country as in Newburg, or in any
other place. In proof of their state-
ment, they left at the Chief office
two onions the total weight of which
were four and one-half pounds. This
gives them a slight edge on the
championship. If anyone can beat
this, bring on the onions.

**Summer School
Opened Monday**

The Comanche summer school
opened last Monday with an enroll-
ment of about thirty the first day,
with prospects for additional stu-
dents during the week. Classes begin
at seven in the morning and continue
until one in the afternoon. In order
to get in the required number of
hours each class in the high school
department recites two hours per
day, six days in the week. The school
which is taught by Miss Minnie Cun-
ningham and Miss Hattie Bright-
man, will continue for two months.

**Comanche Not Included
Ferguson's Itinerary**

James E. Ferguson's itinerary
as carried by the Associated Press
Wednesday does not include Coman-
che as one of his speaking places.
He will, however, speak in Brown-
wood July 14, and in Stephenville
July 17. His schedule beginning June
2, and ending July 23 calls for ad-
dresses in 43 towns.

A partial list of Moodys itenary
up to June 19 also fails to include
Comanche.

**Sidney Club Boys
Have Good Meeting**

County Agent J. A. Barton reports
a fine meeting with the Club boys
of Sidney last Friday night. The
meeting was held at the home of
J. B. Cooper, with Mr. Cooper and
R. L. Boling, superintendent and
principal of the Sidney school, act-
ing as hosts.

Twenty-two boys were present,
several of them with their parents,
the entire attendance being about
40. Only two of the club boys were
absent, and they were out of the
community at the time.

A business session was held and
the books and records of boys ex-
amined. Those having their records
up in good shape—and this included
most all of them—were given passes
to the Majestic Theatre in Coman-
che.

After the business was disposed of

a social hour was held, v
very much enjoyed by
present. There was six ar
gallons of ice cream, and
ment is needed as to whetl
enjoyed. Also there was a
food cake that Mrs. C. I
had baked for the boys.

From the Radcliffe Chautauqua headquarters in Washington, D. C. comes word that the 1926 Chautauqua programs are the best that have been organized in the history of that bureau. Special care has been exercised in the selection of the entertainment companies and the speakers and the line-up talent for our circuit is a very attractive one.

None but experienced entertainers are allowed to appear on Radcliffe programs, and the staff of lecturers comprise some of the most eloquent men engaged in this line of work. The topics are selected in Washington only after the most careful consideration, and the entire series comes highly recommended to our community.

Livingston-Kilpatrick

A wedding of much interest was that of Miss Zelma Livingston to Mr. Harold C. Kilpatrick on June the 4th at the ranch home of the bride's parents, Mr. and Mrs. A. O. Livingston near Talpa. The entire first floor of the home was decorated with roses and sweet peas in pastel colors and the dining table was made into a bank of flowers and ferns forming a pleasing background for the bridal party. Miss Margaret Jones sang "Oh Promise Me," and "I Love You Truly," as pre-nuptial solos with Miss Ethel Allen at the piano and to the strain of Mendelssohn's Wedding March entered Miss Ruth Kilpatrick and Miss Marcia Livingston, then the bride with her father, who was met by the groom and Rev. R. W. Spears who read the impressive ring ceremony. Misses Jones and Allen wore attractive dresses of yellow georgette, Miss Kilpatrick, flesh georgette, and Miss Livingston, orchid georgette while the bride was beautifully gowned in orchid Rohe De Style of orchid georgette trimmed with embroidered tulle.

Following the ceremony a two course plate luncheon was served to about thirty guests. Mr. and Mrs. Kilpatrick left immediately for a two weeks outing in West Texas, after which they will be at home in Comanche.

Among the out of town guests were Misses Ethel Allen of Canyon, Margaret Jones of Blackwell, Rev. R. W. Spears of Crockett, who was a school mate of Mr. Kilpatrick at Austin College, Mr. and Mrs. Howard Kilpatrick, Mr. and Mrs. C. A. Greene, Mrs. W. W. WILSON FELDER

SAILS FOR U. S.; HERE BY JULY 4

Wilson Felder, former citizen of Comanche county and teacher in the local high school, will return to the United States on a year's furlough early in July. Mr. Felder sailed for China fourteen years ago as a missionary of the Southern Baptist church and has been most successful in his work there. He has made only one visit to his native land since leaving, spending a year in Texas seven years ago.

Rev. Felder writes the Chief that he will sail from Shanghai, June 3, and will land at San Francisco June 25. He hopes to be in Texas in time to celebrate the Fourth of July.

Mr. Felder is not quite certain of being able to get out of China, as the Rebels have again taken up arms and all trains may be stopped. Mr. Felder states that military conditions are very uncertain in that country and no one ever knows just when an army is going to rebel. He says that usually the general who can offer the best inducements is the one that has the largest army and that China would be better off if the whole lot of them should quit the country.

Rev. Felder will visit friends and relatives at Kerens, Texas and will spend a large part of his time at the Southwestern Seminary at Fort Worth. He hopes to be in Comanche some time in the summer and as stated in a previous letter, hopes to have a reunion of all his old friends.

Former Comanche Woman Wins \$250 Prize in Houston

Mrs. Nell Webb, better known in Comanche as Miss Nell Palmer, now residing in Houston, recently won a \$250 prize for submitting the best and most original idea for motion picture advertising. RAW, CRACKED TOES HEALED

When toes are raw, inflamed, irritated and scaly; when feet are sore, red, burning, when soft corns and allures are sore and painful—just rub in this pleasant, soothing, healing vanishing cream, Pedisan. This remarkable new foot remedy contains a super-efficient healing and antiseptic agent discovered by one of the world's greatest research laboratories. It neutralizes the acid in respiration which is now known to be the common cause of foot trouble. A second, Pedisan vanishes into the pores, and starts to relieve the painful burning and soreness and to heal the raw, irritated parts. Pedisan banishes offensive odors and makes the feet dry, cool and comfortable. Guaranteed to give satisfying relief in all cases, even where old trouble is torture. 50c tube; all druggists.

Suez Road To Be Improved

At a meeting of the Comanche Chamber of Commerce this week, a committee was appointed to investigate the proposition to widen and improve the road from Comanche to Suez. It is likely that a sixty foot first class public road will be the result. It is the aim of the Chamber of Commerce to eventually connect every community in the county to the county seat with a first class road.

CITY HAS BEAUTIFUL PARK

(Continued from page 1)

but the appreciation of our citizens for the vision and foresight that has given Comanche a badly needed pleasure place and when it is realized that they have made it from waste lands and without cost that appreciation should deepen.

Workmen this week are clearing out the underbrush, cutting weeds, killing poison ivy, dragging dead timber out of the creek and otherwise beautifying the place and it is expected by those having this work in charge that by Sunday the park will be ready for use.

The public is invited to begin using the park after Sunday.

FROM MISS IVA HART

As there may be some of my friends who do not understand my circumstances, and who perhaps think I should have been out of the store and canvassing the county before now, let me explain that it was impossible for me to turn loose and go as some candidates are free to do.

I am no longer in the employ of Higginbotham Bros. and Co., but will put forth every effort to see every voter in the county, before July 24th. My earnest desire is to do this, and should I fail in the attempt, please don't hold it against me. I am sure that you would not, if everyone knew the conditions under which I am laboring. To those who might not know me, let me assure you that the duties of the County Treasurer's office were carefully looked into and my qualifications were thoroughly considered before I took a step to make the race. Besides finishing Comanche High School in 1904, with a first grade certificate as was then required, I taught one successful country school then known as Oak Valley. I had to give up my chosen profession then, to be at home, but the experience gained by me in serving the public successfully for 17 years, has been worth more to me in fitting me for this office than perhaps years of college work might have been.

In this manner I again humbly ask for your vote in the coming election.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, County of Comanche.

In the District Court of Comanche County, Texas.

R. W. Gray, plaintiff, vs. M. A. Roeh et al, debts.

Whereas by virtue of an order of sale issued out of the District Court of Comanche county, Texas, on a judgment rendered in said Court on the 20th day of April A. D. 1926 in favor of the said R. W. Gray against the said M. A. Roeh, Geo. Thurman, and wife, Kate Thurman, Bob Leslie and wife, Clara Leslie, Emmet Roeh, E. E. Belyew and wife Nellie Belyew, H. M. Hoover and wife, Dona Hoover and H. B. Warren and wife, Fannie Warren, No. 7211, on the docket of said court, I did on the 8th day of June, 1926 at 9 o'clock, a. m. levy upon the following tract and parcel of land, situated in the county of Comanche, State of Texas, belonging to the said M. A. Roeh, Geo. Thurman and wife, Kate Thurman, Bob Leslie and wife, Clara Leslie, Emmet Roeh, E. E. Belyew and wife Nellie Belyew, H. M. Hoover and wife, Dona Hoover, and H. B. Warren and wife, Fannie Warren, to-wit: Being 80 acres of land more or less

out of the Samuel Bowers survey in Comanche county, Texas, and more particularly described in a deed executed by R. W. Gray to Mary A. Roeh and M. A. Roeh, dated December 17, 1914, recorded in the Deed Records of Comanche county, Texas and here referred to for description.

AGENT WARNS AGAINST LICE AND HOPPERS

Keep a close watch on the melon patch for lice; for often from one or two infested vines, lice will spread to all the patch.

It is very important that the early lice be killed, if so later infestation will be stopped or held in check.

Several ways to combat this early appearance are:

1. When find melon vine badly infested, get straw and kerosene and burn where they are.

2. The best plan is to spray, can use either dry powder or wet spray of Nicotine Sulphate or Blackleaf 40. In wet spray use Black Leaf 40 of 40 per cent strength with 1 oz. to 6 gallons water, to which is added a small block of yellow laundry soap. This should be applied with a spray that has turned up nozzle, as the lice are all under the leaves and this spray must hit the louse, as the louse is a sucking insect.

In dry spray use Nicotine dust; use powder gun to apply on still day, as dust must settle on lice or fumes must rise and kill insect. To get the best results, a small hover holds the fumes and will, if used on hot day, kill in most cases all lice.

This hover is fine to use in early spring when vines are small. The first lice, if not killed will ruin your patch later.

LOOK OUT FOR GRASSHOPPERS

Grasshoppers are reported in parts of Comanche county. In the 1924 outbreak it was very successfully demonstrated that they can be controlled by the use of poison bran mash, made up as follows:

Coarse wheat bran 25lbs.
Paris Green or White Arsenic 1-2 lbs.

High grade banana oil or oil of anise 1 oz.
Cane, sorghum or black strap molasses 2 qts.

(avoid corn syrup)

Mix the bran and poison together dry, thoroughly. Dilute the anise oil and molasses in about two gallons of water. Then pour this mixture bran and poison mixed, until every particle is moist. Then add more water until bran is wet but not sloppy, so that it will fall apart when being squeezed tightly, so it can be readily sown broadcast.

This amount will just about cover five acres. It is best to put this out late in the evening or early in the morning. Do not put out in heat of day. If this mixture is put out like sowing oats, there will be very little danger of killing anything except grasshoppers and jack rabbits. The county has on hand some black strap molasses that can be obtained at Brightman's warehouse near the railroad track.

Old Settlers' Reunion

The committee of the Old Settlers met Saturday, and decided to have the annual one-day reunion on Wednesday, June 30, at Indian Creek Church, three miles east of Comanche. Everybody interested is invited to come and bring a basket of grub, just as we used to do in the olden times. A program of entertainment will be prepared and we expect to have a good time, with dinner on the ground.

FORMER COMANCHE CITIZEN IN RACE FOR STATE TREASURER

G. E. Johnson, former Comanche attorney, and one time district attorney of this district, but now a citizen of Anson, has announced his candidacy for State Treasurer.

Mr. Johnson practiced law here for two years, coming here from Gatesville, about ten years ago. Before coming to Comanche, he held the offices of county judge and county attorney of Coryell county, and is a brother of Lee Johnson, the present county superintendent of schools in Coryell county.

In all his political campaigns, Mr. Johnson has made only one unsuccessful race, that being the race for district judge six years ago when he was defeated in the run-off by Judge McClellan. Mr. Johnson has many friends here.

REP. T. J. RENFRO VISITS COMANCHE

Hon. Thomas J. Renfro of Mullin, Representative of District No. 10 composed of Mills and Comanche counties, was in Comanche Saturday looking after the interest of his district. Mr. Renfro has just returned from Austin, where he has been taking a law course at the State University. Mr. Renfro stated that he felt sure that the Governor would call a special session of the legislature this fall to validate the road bonds.

BLANTON TO SPEND SUMMER IN ABILENE

Hon. Thomas L. Blanton, member of Congress from this district, has written the Chief that he expects to spend the summer in Abilene and will open an office there as soon as Congress adjourns, which he expects to happen this week. Those who have official business to transact with him are requested to address the Congressman at Abilene instead of Washington. Soon after reaching Texas Congressman Blanton will open his campaign for re-election.
